

# Analogue output modules

## 4-20mA Current Loop output

## Module Datasheet

### Specifications

<b>Name:</b>	Current Loop
<b>Dimensions:</b>	3,3 x 2,6 x 1,7 cm
<b>Weight:</b>	22g
<b>Accessories included:</b>	1pc of three pin terminal

### Electrical specifications

<b>12-bit DAC</b>	
<b>Maximum Resolution</b>	3,9 $\mu$ A
<b>VCC to Ground:</b>	3,3V DC
<b>Current out:</b>	4-20 mA
<b>Output mode:</b>	Active or Pasive
<b>Temp. Range:</b>	From -20 to +70°C

### Functions & features

Used for most of PLCs.

### Applications

Industrial automation, industrial process control, test systems, smart transmitters

### Pictures

### How to use the module
